

# ECO FRIENDLY PRODUCTS

California Supply is excited to offer a large variety of "Green Seal", recyclable, recycled and biodegradable products. We are a leading distributor of environmentally friendly products and strive to incorporate environmentally friendly items into every product line we sell.

## Corrugated Cartons

Kraft boxes made from 100% post consumer recycled paper. Our supplier is considered the most technically advanced corrugated mill in North America. No dyes whatsoever are added in the pulping process.

## Plastic Hangers

A large variety of recycled hangers are in stock to meet most vendor program needs. Most of our recycled hangers are collected locally and sorted in Southern California to keep fuel usage to a minimum.

## Janitorial Chemicals

We carry a complete line of "Green Seal Certified" janitorial chemicals including:

**Concentrated Glass Cleaner** -VOC free, no ammonia, nonsolvent.

**Noncorrosive Restroom Cleaner/Descaler** -Noncorrosive cleaner for all restroom surfaces.

**Concentrated Nonsolvent Cleaner/Degreaser** -Nonsolvent, noncorrosive and nonflammable cleaner and degreaser.

**Concentrated All Purpose Cleaner**-Highly concentrated, noncorrosive, nonhazardous all purpose cleaner that works on virtually any surface.

**Concentrated Oxygenated Multipurpose Cleaner/Spotter/Deodorizer**

A truly remarkable cleaner fortified with natural citrus cleaning power and hydrogen peroxide. Cleans tile while removing mold and mildew. Butyl free and contains no caustic bleaching agents.

## Hand Soaps

Available are lotion and foam soaps for general washroom use as well as antibacterial soaps ideal for healthcare concerns. Perfect products for every washroom.

## Towels and Tissues

Green Seal towel and tissue products are made from 100% recycled paper and are "Green Seal" certified. They are processed chlorine free with no added inks, dyes, fragrances or pigments. Available in roll and folded towels, toilet and facial tissues, and toilet seat covers.

Environmentally green dispensers that will help reduce waste are available.

# ECO FRIENDLY PRODUCTS

## Chipboard/Dressboard

All of our chipboard and dressboard is made from 80% to 90% postconsumer recycled paper. We stock many sizes and custom order any nonstock size needed with low minimums and short lead times.

## Can Liners

Our can liners are made with up to 45% recycled materials. Ask us about 100% recyclable and biodegradable can liners.

## Poly Bags

Polyethylene bags are available in every style imaginable: flat, garment, on wickets, t-shirt, you name it we have it. Content is available from virgin to 100% recycled. They are all 100% recyclable.

## Carton Sealing Tapes

We stock pressure sensitive tapes, reinforced and nonreinforced gummed tapes. The nonreinforced gummed tape has recycled content and the adhesive is organic. It is our most environmentally friendly tape. Custom print is available on all tapes with low minimums and fast turn around.

## Polyethylene Bubble and Foam Cushioning

Our bubble and foam cushioning are made from 100% recyclable materials and have up to 25% recycled content. We stock all standard sizes with special orders available with low minimums and quick delivery.

## Loose Fill & Air Cushion Pillows

Our loose fill is 100% recyclable. Standard loose fill is available as well as starch or biodegradable polystyrene. 100% recyclable biodegradable polyethylene pillows are available. Be sure to ask about equipment loaned free of charge with minimum monthly usage.

## Lamps / Light Bulbs

Everyone uses light bulbs. Save \$\$\$\$ and help the environment by replacing your incandescent bulbs with fluorescent, and by switching to low energy bulbs and fluorescent tubes. All sizes and styles are available.
